Passenger_Offer

Groupid (PK)	Offerid **(PK)***(FK)*

Notes:

1.3 offers can be applied to one group.

2.suppose 5 people in a group then they will have one single entry in Package_Group_Hotel, and 5 entries in passenger_service, 5 entries in service table, if they want insurance then 5 entries in service table with 5 entries updated in insurance table. And also ids added in passenger table(insurance_id).
